

# Link LED optic

## Technical specifications

### Electrical

|                         |                     |
|-------------------------|---------------------|
| Power consumption @ max | 4.2W                |
| Input voltage           | 48V DC              |
| Data connection         | RJ 45               |
| Driver compatibility    | Power driver 36/144 |

### Environmental

|                              |                      |
|------------------------------|----------------------|
| Operating ambient temp range | -20°C / +40°C        |
| Operating temp               | +50°C @ 25°C Ambient |
| Cooling                      | Convection           |

### Mechanical

|              |                          |
|--------------|--------------------------|
| Construction | Aluminium PCB            |
| Flammability | 94v-0 Flame class rating |

### Dimensions

|        |      |
|--------|------|
| Width  | 24mm |
| Length | 42mm |
| Height | 15mm |

### Lighting characteristics

|                           |                     |
|---------------------------|---------------------|
| Typical lumen maintenance | 70% @ 50,000 Hours  |
| Lamp life                 | 50,000 Hours @ 25°C |
| Lumen Output Red          | 44                  |
| Lumen Output Green        | 40                  |
| Lumen Output Blue         | 12                  |
